STATEMENT

Hon. Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Sir:

This is to certify that the enclosed substitute specification, which is submitted, as required by the Advisory Action dated July 26, 1995, as well as the substitute full-page drawing plate 4/4 for showing as required by the Official Action dated July 3, 1995, in Fig. 9, the extension of length of the support part by connecting end to end several beams by couplers, include no new matter. Within said substitute specification, there are the same formal changes than those which are indicated in the accompanying marked-up copy.

Respectfully submitted

*Philippe BERA*
